

ENCORE[®] Latex Micro

S U R G I C A L G L O V E S

Latex, powder-free surgical glove with exceptional dexterity and tactile sensitivity for surgical finesse

Ansell's unique formers and this glove's ultra-thin formulation provides extra sensitivity making it ideal for delicate procedures such as ophthalmic, micro and cardiovascular. This glove's smooth external finish allows for comfortable double gloving and its brown color helps to reduce glare from surgical lights.

FEATURES:

DERMASHIELD™ Technology

Brown Glove Color

20% Thinner with Soft Latex Formulation

BENEFITS:

Facilitates dry or damp donning and intra-operative changes

Helps reduce glare of surgical lights and makes it suitable to be used as an underglove

Unsurpassed dexterity and tactile sensitivity

CHECK-OFF & ECHO NOTES

First, always ask if a Ansell representative has visited the practice recently:

Doctor, have you recently been introduced to Encore Latex Micro?

If **YES**, confirm and discuss benefits.

If **NO**, engage/detail the customer as the primary contact.

CONFIDENCE

I believe Encore Latex Micro will provide an important tool for managing the safety of your hands during all veterinary surgical procedures on your patients.

INVITATION (neutral)

Let's take a look at some basic information about Encore Latex Micro...

CUSTOMER'S DECISION

...so you can decide whether Encore Latex Micro is a solution you'll consider for all of your surgical glove protection needs.
