In fact, according to AVSAB, behavioral issues are the #1 cause of relinquishment to shelters.*

**Zylkene®** can be a valuable tool in managing mild-to-moderate behavioral issues in dogs and cats.

Now available in: 14 count blister packs, 30 count bottles and 120 count bottles.

**Features**
- Made from natural ingredients
- The only veterinary nutraceutical formulated with alpha-casozepine
- Capsule contains a highly palatable powder – can be taken whole or sprinkled on food

**Functions**
- Derived from casein, a milk protein well known for its calming properties
- Binds to GABA receptors in the brain to help reduce stress and anxiety

**Benefits**
- Non-sedating
- Ideal for short term or long term use
- Can be given with medications
- Safe for pregnant and nursing mothers, puppies and kittens
- Perfect for cats and dog
- No preservatives; lactose free

*AVSAB (American Veterinary Society of Animal Behavior) Position Statement on Puppy Socialization*
Zylkene helps pets cope during a variety of stressful situations:

- NEW PERSON
- NEW HOME
- NEW PET
- TRAVELING
- LOUD NOISES
- FIREWORKS
- HOME ALONE
- BOARDING
- VETERINARIAN VISIT
- CELEBRATIONS

Zylkene helps support balanced behavior in pets facing challenging situations who are at early to moderate stages of the stress ladder. Also ideal for prevention when situations are expected that may cause stress in pets.
