CHECK-OFF & ECHO NOTES

First, always ask if an Allison Medical representative has been in contact recently:

Hello Doctor, Vet Clinician, or Purchaser, have you recently been introduced to CarePoint™ VET's Blood Collections Tubes (BCTs)?

If **YES**, confirm and discuss benefits.
If **NO**, engage/detail the customer as the primary contact.

Confidence

I believe the Allison Medical CarePoint™ VET BCT lineup provides an alternative product option for collecting daily blood samples in your clinic and/or transportation to a reference lab.

Neutral invitation

Let's take a look at some basic information about the CarePoint™ VET's Blood Collection Tube Offering:

1. They offer 5-SKU's of the most popular Vacuum Blood Collection Tubes in the Lavender and Red Tops.
2. They offer 3-SKU's of the most popular Micro Blood Collection Tubes in the Lavender, Green, and Red Tops
3. They are comparable to the market leaders that offer a quality, reliable, and validated solution for precise and efficient blood collection and processing in the clinical and reference laboratory setting at a competitive price.

It's the customer's decision

You can decide whether CarePoint™ VET's Blood Collection Tube offering is a product solution you'll consider for your daily blood collection needs. I hope you will give them a try.
